Dear Sirs,

SUB: SHARE AN ANECDOTE

We are in Cycle Trade for the past 59 yrs. Our firm was founded in the year 1933. 1983 was our **GOLDEN JUBILEE YEAR.**

The firm was established by my Grand Father at Tenkasi, Tirunelveli, Tuticorin, Rajapalayam and Palghat.

Then my father continued the business in Tenkasi and my uncles in other places. So, the whole family is in the Cycle Trade for the past SIX Decades. I am also interested in the trade and I joined my father in the Cycle Trade and I have ambition to run the trade for more than 100 yrs as I have every confidence that TI products will be in ever demand.

My grandfather received the **SHIROMANI AWARD** S on cycle trade for which a Zerox copy is enclosed herewith for your persual. Similarly, I wish to win many awards.

We are having TI Shares also. Thus the whole family is associated with TI for so many years. A photo taken in the year 1969 which reveals our associates with TI.

Thanking You,

Yours faithfully,

Similarly, they cashed in on the demand for sandpaper used for carpentry and co work, which till then was only imported.

All this led to the birth of Ajax Products Ltd established in 1940 in the land that the family in Tiruvottiyur. This was indeed the first industry of the Murugappas.

Two years later, the family acquired rubber estates in erstwhile State of Travancore. This was a business they already had experience and was therefore a resource generating business to meet requirements of other businesses.

After the Second World War, things changed for the Murugappas. "The vast paddy fields in Burma were nationalised without compensation and it was apparent that South East Asia never be the same again," said Mr. Arunachalam, adding that "however, we realised that with independence, there would be opportunities for establishment of a large number of industries.

Burma and S.E. Asia, Murugappa travelled the world seeking to widen his horizons and build relationships.

As the S.E. Asian nations became turbulent and with the advent of India's independence, Murugappa saw great opportunity in participating in the nation's development, this time in industry; uncharted waters for Chettians who had just banking in their blood. The brothers Murugappa and Vellayan were joined by the younger Arunachalam. Industrial ventures began with a security equipment manufacturing and a sand paper business, which were the forerunners to Carborundum Universal Ltd, rubber plantations and a civil engineering and construction company. Alongside these ventures, Murugappa's close relationship with men of great eminence like Sir Ramaswamy Mudaliar and Sir Ivan Stedeford of the UK, caused him to set up India's and Asia's first integrated bicycle manufacturing plant as a joint venture with the Tube Investments of the UK. The Indian Company Tube Investments of India has since grown to become a leading supplier of not only bicycles, but also steel tubes, metal formed products, strips and chains.

While the successful foray into industry took place at a rapid pace, Murugappa ensured that the fundamental principles of family values were never compromised. There may have been opportunities missed, but the reputation has remained strong and sustainable, even till this day. Simultaneously, Murugappa nurtured his family, encouraging siblings and

confidence. He was their mentor was fondly called "Big Daddy".

Social responsibility found attention to that of business Murugappa's agenda. The origins were set out by his father who set up a village hospital in their native Pallar in 1924, a time when health care in rural India was unheard of. Murugappa initiated the institutionalisation of activity through the A.M.M. Trust, which later became the Foundation. Today the Foundation supports primary education in many schools, health care, rural development and a Technical College for technical training. Companies make contributions to the Foundation year.

Over the past two decades, the Group has witnessed rapid organic and through acquisition with revenues of 4200 crore, profitability and resource stands tall amongst Indian companies not only for its success but also for its commitment to the nation and socially responsible. Recognition in another dimension, in October 2014, the Lausanne conference conferred the Murugappa Family 'The Family Business Award' as a tribute to people of great stature like Murugappa.

In this the Centenary year of his birth, we pay homage to a pioneer whose dream was rooted in tradition to see our country progress and people progress responsibly in the coming generation. He was "Big Daddy" not only to

FOR YOUR IMMEDIATE ATTENTION

Dear Shareholder(s),

You may be aware that the Scheme of Arrangement (Demerger) [Scheme] between the Company ("Demerged Company" (TIFHL)) and Tube Investments of India Limited ("Resulting Company" (TIL)) and their respective Shareholders under Sections 230 to 232 of the Companies Act, 2013 was sanctioned by the National Company Law Tribunal, Chennai vide its Order dated 17th July, 2017. The Scheme inter alia provided for the vesting of the Manufacturing Business Undertaking of the Company in TIL on a going concern basis with effect from the Appointed Date of 1st April, 2016.

The Scheme further provided for issue of equity shares of TIL to the shareholders of the Company. For the said purpose, the Company had fixed 28th August, 2017 as the 'Record Date' for determining its shareholders eligible to receive shares of TIL. TIL has allotted on 1st September 2017 to each shareholder of the Company 1 (one) fully paid up equity share of ₹1 (one) each for every 1(one) fully paid up equity share of ₹2 (two) each held by such shareholder in this Company. TIL will also be applying to the Stock Exchanges (BSE and NSE), for listing of the shares. The Scheme also provided for reduction in face value of the equity share of the Company from the existing ₹2 (two) to ₹1 (one) per share and for issue of shares with the reduced face value of ₹1 each to each Member holding shares of ₹2 each of the Company on the aforesaid Record Date. The Company has allotted on 1st September, 2017 to each shareholder of the Company 1 (one) fully paid up equity share of ₹1 (one) each for every ₹1 (one) fully paid up equity share held by the shareholder in this Company.

Kindly note that this communication is issued for your general guidance as a shareholder of this Company for computing the proportionate cost of the acquisition of the equity shares of TIL vis-a-vis- the cost of acquisition of the original equity shares of this Company (TIFHL) for the purpose of computing the capital gain/loss as per the provisions of the Income-tax Act, 1961 ("the Act") arising upon sale of the equity shares.

In terms of Section 49(2C) of the Act, the cost of acquisition of the shares of TIL (Resulting Company) is to be computed by applying the proportion of the net book value of the assets of the Demerged Undertaking (Manufacturing Business Undertaking) to the net worth of the Company immediately before the demerger. Accordingly, under Section 49(2D) of the Act, the cost of acquisition of the shares of the Company shall be the original cost of acquisition as reduced by the cost of acquisition ascertained for the shares of the Resulting Company under Section 49(2C) of the Act.

In view of the above, shareholders of the Company are hereby advised to apportion their pre-demerger/original cost of acquisition in shares of this Company in the following manner:

Name of the Company	% of the original cost of shares of the Company
TI Financial Holdings Limited (Demerged Company) – ISIN: INE149A01033	49.50
Tube Investments of India Limited (Resulting Company) – ISIN: INE974X01010	50.50
Total	100.00

Under Section 47(vii) of the Act, the issue of shares by TIL as the Resulting Company to the shareholders of the Company pursuant to the Scheme is not a transfer and hence, not taxable in the hands of the shareholders. Further, in respect of the equity shares issued by TIL, the date of acquisition of such equity shares for computing capital gain/loss in the hands of the shareholders as and when the shares are sold, will be the date of acquisition of the original shares of this Company (TIFHL) for each shareholder, as per Clause (g) in explanation 1 to Section 2(42A) of the Act. The issue of shares by TIL is also not subject to tax in the hands of the shareholders under the provisions of Section 56(2)(x) of the Act (as amended by the Finance Act, 2017).

Thanking you,

Yours faithfully,
For TI Financial Holdings Ltd
